KORANAREE COURTYARD

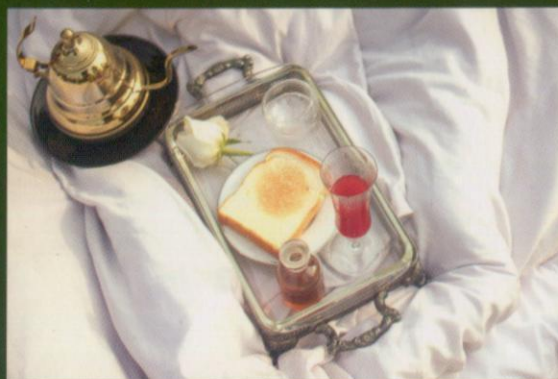

Boutique Hotel

Well-known for the world's heritage "Khao Yai", *Korat* is one of Thailand's oldest provinces. Although its soil holds the richest history amongst the lands, we neglect what this ancient city has to offer. There are landscapes, culture and history that await to be rediscovered such as the prehistoric town of Phimai with its stone castle as old as Angkor Wat, the best and one of the largest zoos in Thailand, the forever expanding fortress of the ficus tree and many more enchanting locations waiting to be explored.

Situated near the heart of Korat, *Koranaree Courtyard Boutique Hotel* will take you back a century, to the most aesthetic period of Thailand where traditional Thai and Western cultures integrated, through contemporary colonial building design, room interior, and the courtyard. We offer the luxurious 5-star service and a unique experience you have been searching for.

We welcome you to this peaceful neighbourhood with the hugs of our lush garden, providing you with the most rejuvenating stay. We are happy to encourage you to visit and explore more of Korat everyday.
